WHERE THE WORLD CONNECTS FOR HEALTH

EARLY BIRD ENDS 12/18/17!

HIMSS 18
The leading health information and technology conference
WHERE THE WORLD CONNECTS FOR HEALTH

Conference & Exhibition | March 5–9, 2018
Las Vegas | Venetian – Palazzo – Sands Expo Center

This activity jointly provided by Postgraduate Institute for Medicine and HIMSS.
Profound change is taking place in health and healthcare worldwide. Robust, next-generation technologies and solutions like predictive and prescriptive analytics, artificial intelligence, blockchain, telehealth, precision medicine, biometrics and other innovative advances are continuing to transform health in groundbreaking ways.

As a senior information and technology executive, many of these changes must be top of mind for you. However, they can also be troubling – especially when coupled with the many ongoing challenges you face... like finding innovative ways to exchange data and enhance analytics... optimizing your information and technology systems for maximum ROI... protecting your patients’ data from cybersecurity breaches... the list goes on and on.

GET PREPARED FOR THE NEXT STAGE IN HEALTH.
The HIMSS Annual Conference & Exhibition is the health information and technology conference – the place to gather with thousands of other senior executives from around the world for five days of education, innovation and collaboration to help you thrive through change all year:

› Experience exceptional education sessions from thought leaders in health information and technology
› Discover customized, cutting-edge products and solutions for your organization – including disruptive innovations
› Connect with colleagues and other experts to find creative answers to your biggest challenges

Thrive in change. Transform health. **Register now for HIMSS18.**
