Exhibitor Priority Point Opportunities

The Exhibitor Priority Point system has been developed to recognize our market supplier support of HIMSS Enterprise. The order of booth selection and corporate member hotel room selection will be determined by each exhibitor’s cumulative number of points. 

Exhibitor Priority Points are received throughout the year by completing tasks by a specified due date and by overall spend (HIMSS Enterprise wide) - listed below.

How Points are Earned:

- Every $3,000 in revenue received within HIMSS organization 1 point will be awarded (conferences, HIMSS Analytics, advertising, sponsorships, membership, Innovation Center, International, Health 2.0, Healthbox, etc).
- Earn additional points by completing tasks by a specified date.

General Rules:

- Exhibitor points are cumulative and carried from one participating year to the next. Failure to exhibit in a given year resets exhibitor point total to zero. If floor is sold out, wait-listed exhibitors do not lose points if unable to clear waitlist.
- Dates and ways to earn points are subject to change.
- Show management has the right to deduct points for not following show rules & regulations while participating at any HIMSS organized events.
- Points may only be used by the company that holds the points. Companies subsidiary or affiliate companies may not use points that belong to another company.
- Co-Exhibitors and Complimentary Exhibitors will not earn priority points.

Benefits of Corporate Membership:

- Diamond receive quadruple points for total spend
- Emerald receive triple points for total spend
- Platinum receive double points for total spend

Mergers & Acquisitions, Company Splits:

- When companies are acquired, merged or consolidated HIMSS will use the points from the company with the greatest amount accumulated points (points cannot be combined).
- When a company splits, it is the responsibility of the companies to determine how they want the total points split between each company (Example: XYZ with 500 points splits into XYZ1 and XYZ2, XYZ needs to let HIMSS know how to split the 500 points, XYZ1 keeps 300 points and XYZ2 keeps 200 points).

What points are used for during the year:

Number of points determine time and date a company is given to choose exhibit space for the following conferences:

- HIMSS Global Conference & Exhibition

Number of points determine what order a company may choose their housing needs for the upcoming HIMSS Global Conference & Exhibition.

- Corporate Membership Level is the first order, once that is determined, companies may choose in point order. (For Example: A Diamond member with fewer points than a Gold member will be able to choose hotel before the Gold member, because of Corporate Member status.)
