Join <Organization Name> at the HIMSS Interoperability Showcase™

Explore a global health ecosystem where standards-based information and technology enable individuals to securely access, trust, contribute to, analyze and engage with their own health data at the HIMSS Interoperability Showcase.

• Discover the value that interoperable systems bring to healthcare.
• Learn how seamless, secure access to health information contributes to improved individual and population health around the globe.
• Engage in demonstrations, education and networking events.

Get everything you need for a comprehensive, integrated approach to care—all in one place.
